On motion of Mr BRADSHAW the amendment was adopted which motion prevailed.

Mr BARTLOW moved to suspend the rules and take up S B 71 98 26 and 99. He said they were important bills that the taxpayers were interested in. We are drawing to the close of the session having but two days in which to finish our business. Every man in the House was elected on a reform platform and it is our duty to act on these measures which are of more benefit than any other bill over before this House.

Mr PLYMALE deemed it important that these bills should be acted upon [illegible] We cannot act on the appropriation bill yet because it has not reached this House.

Mr STANNARD moved to amend the motion by [illegible]

Mr CHAMBERS from the special Committee [illegible]

On motion of Mr CHAMBERS the rules were suspended the bill read a third time and passed without dissent.

Mr GALLOWAY moved to suspend the rules and take up S B 71 in relation to the treatment of the insane which failed to carry.

Mr GALLOWAY from the Special Committee on S B 71 as to the civil code, reported the same back with amendment, striking out so much of the bill as changes the statute of limitations, and recommending that the bill pass as amended.

Mr REID obtained unanimous consent to introduce a resolution allowing the enrolling Clerk to procure necessary additional assistance. The resolution was adopted.

The SPEAKER informed the House that he had signed H B 90 (the Winnemucca bill).

Mr STEEN obtained unanimous consent to the introduction of H J R [illegible]

Whereas, The State is now paying for rent of offices and rooms over four thousand dollars per annum and whereas the owners of the brick building known as Reed's Opera House have proposed to furnish the State with the offices necessary for a much smaller sum to wit: fifteen hundred dollars per annum. Therefore be it

Resolved by the House the Senate concurring, That the Secretary of State be and is hereby authorized [illegible] upon the terms and conditions proposed by the owners of said building which proposition is hereto attached.

The proposition is to furnish the State with all rooms necessary for Legislature [illegible] fifteen hundred dollars per annum.

Mr STEEN stated that the [illegible]

Mr BROWN moved the adoption of the resolution.

Some opposition to the resolution was manifest because it required the Secretary to contract with the particular parties named and Mr GILBERT offered the following amendment: *Provided*, That the Secretary of State may rent rooms anywhere in the city suitable for the purpose at a price not to exceed $1 500 per annum.

Mr CRANSTON suggested that if the Capitol Appropriation bill should pass it would be unnecessary to rent Legislative rooms and thought it better to amend the bill so [illegible] the Secretary of State discretion in this matter.

On motion of Mr BRADSHAW the resolution was referred to a special committee of three with leave to report at any time.

The SPEAKER appointed as such committee Messrs Bradshaw, Steen and Cranston.

Mr MATLOCK offered H J R 22 authorizing the Joint Committee on Ways and Means to ascertain and report the per diem of clerks of the two Houses.

The resolution was amended so as to include Sergeant at Arms and Pages and then adopted.

Mr CHAMBERS from the Penitentiary Committee presented a formidable looking report consisting of several hundred pages of legal cap.

The House then adjourned.

Afternoon Session.

The House resumed at half past one.

THE PENITENTIARY.

Mr CHAMBERS from Joint Penitentiary Committee presented a report signed by himself and Senator Dolph which stated that the Superintendent refused to allow his books and papers to come into the hands of the Committee for examination and the Committee to avoid difficulty, directed its clerk to examine the same at the office of the Superintendent, and the examination was delayed somewhat from the fact that it could only be proceeded with at such times as the Superintendent's office was open. The Clerk of the Committee has made to the Committee a full report of the [illegible] of his examination, which is herewith submitted and the undersigned are of opinion that such report is a fair just and correct statement of the condition of the books [illegible] transactions of the Legislature.

Your Committee have endeavored to give the Superintendent an opportunity to explain the [illegible]

[illegible]

[illegible] missioners at the high rates there charged for convict labor—nearly $[illegible]—and the cost of the Penitentiary to the State over and above all earnings has been $71 9[illegible] 05 being about $7 2[illegible] per week for each prisoner. Certified vouchers have been issued to the Superintendent to one Samuel Bass over and above any bills rendered or credits to him upon the books. Said Bass has received from the Penitentiary funds during the last four years, the sum of $11 0[illegible] 12 and the amount received during the last two years for wood alone by said Bass is $1 [illegible] 00 while a fair construction of said Bass' testimony shows that during the last two years he has delivered only about [illegible] cords of wood. It also appears by the testimony of Senator Savage that he delivered [illegible] cords of wood to the Penitentiary on a contract by which he was to receive $1 8[illegible] per cord and the wood was to [illegible]

[illegible]

Your Committee would further report that [illegible]

Your Committee call special attention to the [illegible]

[illegible]

Your Committee cannot too strongly condemn the [illegible]

[illegible]

[illegible] think and by reason of the remarkable want of [illegible] that has not been as thorough as was desirable but it is the best that could be done by your Committee consistently with other equally important duties.

Your Committee recommend that the office of Superintendent be abolished, and a Board of Inspectors consisting of three be appointed to take charge of the management of the Penitentiary and perform the duties now performed by the Superintendent; that they be required by law to pay all receipts of the Penitentiary into the State Treasury to the credit of the Penitentiary fund to be drawn out only upon the warrants of the Secretary; that they be required to advertise for all supplies and purchase them of the lowest responsible bidder; that they each receive an annual salary of six hundred dollars per annum, so that the aggregate salaries shall not exceed the salary of the Superintendent at present; and that they be selected one from each of the political parties. Your committee are of the opinion that such Board properly selected would save the State in two years at least twenty five thousand dollars.

THE SECOND REPORT.

Another report was presented signed by Senator Clark and Mr Gearin as follows:

The undersigned, members of your Joint Committee appointed to examine into the condition and affairs of the Oregon State Penitentiary, beg leave to offer the following report:

We have to the best of our ability in the limited time allowed us, examined with the assistant [illegible] the report together with the report of the other members of our Joint Committee and the testimony taken before the committee.

The accounts of the Superintendent have been [illegible]

[illegible] and correspondent to the facts.

[illegible] and honest and that the State was not defrauded thereby.

In relation to the bill of W H Watkinds & Co against the Penitentiary we cannot find substantial error therein [illegible] mentioned as having been sold the state were sold at higher rates [illegible]

The Clerk's report is long and contains specifications of more facts than it was within the power of your Committee to examine. We can only submit his report for your consideration giving it whatever amount of credit it deserves.

In conclusion we have to recommend that some means be provided whereby the Governor or some one on behalf of the State might have power to lease the convict labor and thus cut down in some degree the enormous expense shown in the last two years to be necessary for carrying on and managing the Penitentiary. We concur with the other members of your Committee in recommending that the Superintendent be required to pay over the earnings of the Penitentiary to the State Treasurer, to be drawn out only on warrants.

As to abolishing the office of Superintendent and creating three Inspectors we cannot see that the State would be benefitted thereby. We would rather recommend that the office of Superintendent be elective by the people. Indeed the best method of securing the proper management of the prison is, in the opinion of your Committee a difficult question and one that we refer back to your honorable body for solution. The task imposed upon your Committee has been an onerous one in the extreme and we feel that the time allotted us has been much too short for any kind of detailed examination.

As to the other matters mentioned in the report of the remaining members of your Committee, and not referred to herein, we concur in the same, except where mention is made of the Clerk's report as being a [illegible] statement of the condition of the books, accounts and financial transactions of the Superintendent. We are unable to vouch for said report being at all fair or correct as it embraces in this matter, that on account of the limited time at our disposal we could not examine.

We also except the portion of the report of the other members of your Committee in relation to the Bass contract. Mr Bass' testimony is not satisfactory [illegible]

[illegible]

Mr GALLOWAY [illegible] the report first came up more for political purpose than anything else [illegible]

Mr CHAMBERS said no testimony had been read and the House was not in a position to determine whether or not testimony had been excluded. So far as the testimony in the possession of the gentleman from Yamhill (Galloway) was concerned he understood it did not refer to matters connected with the management of the Penitentiary.

Mr GALLOWAY said the committee made charges in their report which were not sustained by the evidence. He blamed the committee for bringing in such a report at the very close of the session and for appointing as their clerk a man who was the avowed enemy of the Superintendent.

Mr GILBERT moved that the testimony in the possession of the gentleman from Yamhill be placed on file. Carried.

Mr FIDLER moved to indefinitely postpone the whole subject. This motion was supported by Messrs Galloway, Bradshaw and Dufur and opposed by Messrs Mays and Florence. It was lost by 20 to 12.

On motion of Mr RIDDLE the report was laid on the table.

On motion 500 copies of the report and the accompanying testimony were ordered printed but no order was made regarding the testimony furnished by Mr Galloway.

[illegible] State Printer [illegible]

[illegible]

Mr RIDDLE [illegible]

Mr GALLOWAY said that as [illegible]

[illegible]

Mr BRADSHAW would only say [illegible]

Mr CRANSTON [illegible] the motion to print [illegible]

[illegible]

Mr GALLOWAY asked [illegible] if he had any control over the documents insomuch as they had gone into the possession of the State Printer?

The SPEAKER [illegible] put the motion to reconsider which was lost by the following vote:

Yeas—Brown, Bruce, Chambers, Cornell, Cranston, Curl, Florence, Gilbert, McClung, Plymale [illegible] Clackamas, Reed of Marion, Riddle [illegible] Scott, Shedd, Simpson, Wassom, Wright of Jackson, Mr Speaker—21.

Nays—Bartlow, Bruce, Chandler, Crawford, Dean, Doal, Dufur, Dully, Fidler, Galloway, Hays, Jackson, Johnson, Kelly of Benton, Kelly of Multnomah, Lane, Laughlin, Ledgerwood, Mays, Matlock, McGugin, Nover, Partlow, Rees, Ross, Shelton, Stannard, Stearns, Steen, Stump, Van Iser [illegible], Wilson, Wright of Union—32.

Absent—Jewett, Mathieu, Scott—3.

Mr Gearin was present but was excused from voting. Messrs Bruce, Crawford, Dean and Doal changed from yea to nay before the vote was announced.

THE COAST RAILROAD.

Mr CHAMBERS, from special committee, reported back S B [illegible] to provide for the construction of the Willamette Valley and Coast Railroad, with an amendment providing that the act shall be void in the event of the non completion of the road in five years.

The report was adopted and the bill passed by a vote of 46 to 10.

The House concurred in the Senate amendments to H B 92 for the election of a Clerk of the Supreme Court but refused to concur in the Senate amendments to H B 20 fixing the times and places of holding Circuit Courts.

S J R — for the relief of Jesse Applegate was adopted by a vote of 29 to 13.

S B 93—Providing for the sale of tide and overflowed lands on the seashore and coast, was passed by a vote of 30 to 8.

House adjourned until 7:30 P M.

Evening Session.

The House resumed at the appointed hour.

Mr STEEN offered a resolution for the repeal of the joint rule which provides that no bill which shall have passed one house shall be sent to the concurrence of the other on either of the two last days of the session. Carried by 30 to 22.

Message was received from the Governor intimating the approval and [illegible] by His Excellency of the following bills:

S B 35—for the payment of the claims arising out of the [illegible] war.

S B 13—for the construction of the Portland, Dalles and Salt Lake Railroad.

H B [illegible]—preventing the exhibition of deformed persons.

H B 41—concerning public race sites for light houses.

H B 13—to prevent swine from running at large in certain counties.

H B 15—amending the miscellaneous laws with regard to tolls on bridges.

H B 61—to incorporate Dallas.

H B 62—to incorporate Independence, and

H B 92—For the construction of the Oregon Central Pacific Railroad.

THE APPROPRIATION BILL.

On motion of Mr PLYMALE the House took up S B 106 to provide for the ordinary expenses of the State government and other general and specific expenses. The bill was read twice—the second time by title—and on motion of Mr CRANSTON was made the special order for 10 A M to-morrow (Friday).

THE INSANE AND IDIOTIC.

On motion of Mr FLORENCE S B 74, authorizing the Governor to contract with Dr Hawthorne for the keeping of the insane and idiotic for the ensuing four years was taken up for second reading.

Mr STEEN moved to amend by making the term three instead of four years.

Mr FIDLER moved to amend the amendment by making the term five years.

Mr STEEN said his object was to prevent the term expiring at the time when the Legislature met. If his amendment were adopted, the next Legislature would have ample time to consider as to the future keeping of the insane.

Mr GALLOWAY said the Legislature had been outraged on this matter. The cry had gone forth that they had been bought by Dr Hawthorne and he called upon them therefore, to show to the people that they were free to act in this as in all other questions. Let the contract be for three years, and the next session of the Legislature could provide for removing the insane to a place where they could be kept more economically than they are now. He believed the insane could be kept for three and a half dollars and he held that the physician who could not care for these wards of the State at five and a half dollars was not qualified for the trust.

Mr FIDLER contended that it would be injudicious to limit the contract for three years and declared that Dr Hawthorne had found the keeping of the insane anything but the rich speculation which some members seemed to believe.

Mr BROWN thought there was a tremendous commentary in the fact that our insane on an average cost $20 000 more than those of California.

Mr BRADSHAW was convinced the next Legislature would make an appropriation for the erection of an insane asylum and if the contract was for three years there would be a year's time in which to construct the building. When the term expired the State would be in a position to provide for the insane.

Mr CRANSTON said Dr Hawthorne was willing to take the contract for four years at $5 50 but he might not be willing to take it for three. In that case they could do nothing, matters would remain as at present and the State would have to pay $6 50.

Mr GEARIN expressed a similar opinion.

Mr STEEN said it might be well in that case to further amend the bill by authorizing the Governor to let the contract to the lowest responsible bidder.

Mr DUFUR thought members ought to remember that Dr Hawthorne had agreed to a considerable reduction and that they were running big risks in offering such amendments at this late period of the session.

Mr GILBERT followed with a speech in favor of a three years contract.

Mr FIDLER'S amendment was voted down and Mr Steen's was lost by 22 to 34.

Mr GALLOWAY moved to refer to a special committee of three with the object of bringing the proposition of Dr Kinney before the House. Lost by a vote of 14 to 43.

On motion of Mr GILBERT, the rules were suspended and the bill put on its third reading.

On the question "Shall the bill pass?" Mr GALLOWAY made a speech protesting against the bill claiming that under it the Legislature would four years hence, be bound as securely hand and foot in the matter as he said they were to-day. He considered this opportunity to protest as the supreme moment in his legislative experience.

Mr RIDDLE hoped the bill would pass. The cost was to be reduced one dollar per patient per week and there was evidence on that floor to night that there would be other inmates in the Asylum before long. [Laughter.]

Mr MATLOCK and Mr JOHNSON next spoke for the bill, and Mr FLORENCE against. The vote stood:

Yeas—Brake, Chandler, Chambers, Cornell, Crawford, Cranston, Dare, Dean, Doal, Dufur, Dully, Fidler, Gearin, Gilbert, Hays, Jackson, Johnson, Kelly of Benton, Kelly of Multnomah, Lane, Laughlin, [illegible] Ledgerwood, Mays, Matlock, McGugin, McClung, Nover, Plymale, Reed of Clackamas, Reed of Marion, Riddle, [illegible] Ross, Scott, Shedd, Shelton, Simpson, Stannard, Scott, Van [illegible], Wassom, Wilson, Wright of Jackson, Wright of Union and Mr Speaker—46.

Nays—Bradshaw, Brown, Bruce, Curl, Florence, Galloway, Partlow, [illegible], Stearns, Steen, Stump—11.

Absent 3—Butler, Jewett, Mathieu.

So the bill passed.

Several motions to adjourn were then voted down.

Mr REID of Marion moved to suspend the rules and take up S B [illegible] relating to assessments. Lost for lack of a constitutional majority.

The next motion to adjourn was voted down.

The intervention of a Senate message gave opportunity for yet another motion to adjourn, which this time prevailed.

At [illegible] the House rose until 9 A M to-morrow (Friday).

THE EPISCOPAL CONVENTION.

NEW YORK, Oct [illegible] —The House of Deputies went into secret session on the confirmation of Bishop Seymour, of Illinois. The secret session [illegible] until half-past four and at its close [illegible] was as reticent as ever. It [illegible]

NEW YORK, Oct. 16—A message was received from the House of Bishops, expressing gratification at the financial report of the Trustees of the fund for the relief of widows and orphans of deceased clergymen and recommending the adoption of measures to increase the fund and extend the usefulness of the organization. The message was concurred in.

After recess, another message from the House of Bishops was received, which recommended the adoption of the following as a canon of the church: It shall be the duty of every minister of the church, with such assistance as he can obtain from persons skilled in music, to give orders concerning the tunes to be sung at any time in his church; and especially it shall be his duty to suppress all light and unseemly music and all indecency and irreverence in the performance, by which vain and ungodly persons profane the service of the sanctuary; and further, that the canon be numbered Order 12 of title, and of the present canon. Resolved, the House of clerical and lay deputies concurring, that this canon be printed in place of the resolution on the same subject heretofore proferred relating to psalms in the metre and hymnal. These messages were referred to the Committee on Canons.

Rev Mr Blair, D D, gave notice that on Monday he would submit a motion to revoke Rule 17 with regard to holding secret sessions.

It was moved and [illegible] that the testimonies in the case of Bishop Wells, of Wisconsin, having been signed by the majority of the dioceses he should be sent to the House of Bishops for confirmation.

The House then adjourned until Monday.

Resolved, by the House, the Senate concurring, That the Secretary of State be and is hereby authorized to [illegible] necessary for the use of the State upon the terms and conditions proposed by the owners of said building which proposition is hereto attached.

The proposal is to furnish the State with all the rooms necessary for Legislature, Supreme Court and [illegible] for the sum of fifteen hundred dollars per annum.

Mr. STEEN stated that the proprietor [illegible] Committee [illegible] additional rooms [illegible] would be furnished without extra charge.

Mr. BROWN moved the adoption of the resolution.

Some opposition to the resolution was manifested because it required the Secretary to contract with the particular parties named, and Mr. GILBERT offered the following amendment: *Provided*, That the Secretary of State may rent rooms anywhere in the city suitable for the purpose at a price not to exceed $1,500 per annum.

Mr. CRANSTON suggested that if the Capitol Appropriation bill should pass it would be unnecessary to rent Legislative rooms and thought it better to amend the bill so as to give the Secretary of State discretion in this matter.

On motion of Mr. BRADSHAW the resolution was referred to a special committee of three with leave to report at any time.

The SPEAKER appointed as such committee Messrs. Bradshaw, Steen and Cranston.

The House then adjourned.

Afternoon Session.

The House resumed at half past one.

THE PENITENTIARY.

Mr. CHAMBERS from Joint Penitentiary Committee presented a report signed by himself and Senator Dolph, which stated that the Superintendent refused to deliver his books and papers to come into the hands of the Committee for examination, and the Committee to avoid difficulty directed its clerk to examine the same at the office of the Superintendent, and the examination was delayed somewhat from the fact that it could only be proceeded with at such times as the superintendent's [illegible] The Clerk of the Committee has [illegible] his examination, which is herewith submitted, and the [illegible] of opinion that [illegible] a fair, just and correct statement of the condition of the [illegible] account [illegible] of the Legislature.

Your Committee have endeavored to give the Superintendent an opportunity to explain the several transactions referred to in the Clerk's report and to ascertain from other witnesses the [illegible] Your Committee have been much embarrassed in attempting to [illegible] such transactions by the [illegible] Superintendent [illegible] the Capitol Building [illegible] for labor and materials furnished the Capitol building [illegible] per week for each prisoner [illegible] claimed for [illegible] material and the cutting of [illegible] cords of wood [illegible] It appears by Mr. [illegible] testimony [illegible] labor furnished the Board of Capitol Commissioners at the high rates there charged for convict labor—nearly $2,[illegible] and the cost of the Penitentiary to the State over and above all earnings has been $74,[illegible] being about $2 [illegible] per week for each prisoner. Certified vouchers have been issued to the Superintendent to one Samuel Bass over and above any bills rendered or credits to him upon the books. Said Bass has received from the Penitentiary funds during the last four years, the sum of $[illegible] 12, and the amount received during the last two years for wood alone by said Bass is $3,[illegible] 00, while a fair construction of said Bass' testimony shows that during the last two years he has delivered only about [illegible] cords of wood. It also appears by the testimony of Senator Savage that he delivered [illegible] cords of wood to the Penitentiary under a contract by which he was to receive $[illegible] per cord and the wood was to [illegible]

Your Committee [illegible] report [illegible] of the articles purchased for the [illegible] the last two years have been [illegible] the opinion of your Committee that it is not [illegible] the supplies for the Penitentiary at the lowest cash rate.

Your Committee calls special attention to the [illegible]

[illegible] Mr. Watkinds [illegible] [illegible] other [illegible] Superintendent [illegible] Watkinds & Co. [illegible] the past two years and [illegible] has been paid for [illegible]

Your Committee [illegible] too strongly condemn the [illegible] which [illegible] Superintendent [illegible] W. H. Watkinds & Co. [illegible] Superintendent and [illegible] clerk [illegible] amounting to the sum of $[illegible] [illegible] private contracts made [illegible] the Superintendent without [illegible]

[illegible] Committee deem it proper to refer [illegible] the protest of the Superintendent to the [illegible] clerk [illegible] sought by Mr. Patton. [illegible] Committee [illegible] He has performed his duties faithfully [illegible] the Superintendent [illegible] uniformly [illegible]

Many [illegible] requisite explanations [illegible] of the course taken by the Superintendent in withholding direct answers to questions, and by [illegible] Samuel Bass [illegible] has not been as thorough as was desirable but it is the best that could be done by your Committee consistently with other equally important duties.

Your Committee recommend that the office of Superintendent be abolished and a Board of Inspectors consisting of three be appointed to take charge of the management of the Penitentiary and perform the duties now performed by the Superintendent; that they be required by law to pay all receipts of the Penitentiary into the State Treasury to the credit of the Penitentiary fund, to be drawn out only upon the warrants of the Secretary; that they be required to advertise for all supplies and purchase them of the lowest responsible bidder; that they each receive an annual salary of six hundred dollars per annum, so that the aggregate salaries shall not exceed the salary of the Superintendent at present; and that they be selected one from each of the political parties. Your committee [illegible] of the opinion that such Board properly selected would save to the State in two years at least twenty-five thousand dollars.

THE SECOND REPORT.

Another report was presented, signed by Senator Clark and Mr. Gearin, as follows:

The undersigned members of your Joint Committee appointed to examine into the condition and affairs of the Oregon State Penitentiary, beg leave to offer the following report:

We have to the best of our ability in the limited time allowed us examined with the assistance of a competent clerk the books and accounts of the Superintendent of the Oregon State Penitentiary, and present herewith the clerk's report, together with the report of the other members of your Joint Committee, and the testimony taken before the committee.

The accounts of the Superintendent have been kept in a loose and [illegible] manner [illegible] where he has been brought [illegible] the explanation of the [illegible] [illegible] substantially correct and correspondent to the facts.

In relation to the wood contract of Savage mentioned by the clerk and the other members of your committee, we are satisfied that said contract was fair and honest and that the State was not defrauded thereby.

In relation to the bill of W. H. Watkinds & Co. against the Penitentiary, we can see no substantial error therein nor do we find that the goods therein mentioned as having been sold the State were sold at higher rates than to other parties.

The Clerk's report is long and contains specifications of more facts than it was within the power of your Committee to examine. We can only submit his report for your consideration, giving it whatever amount of credit it deserves.

In conclusion, we have to recommend that some means be provided whereby the Governor or some one on behalf of the State might have power to lease the convict labor and thus cut down in some degree the enormous expense shown in the last two years to be necessary for carrying on and managing the Penitentiary. We concur with the other members of your Committee in recommending that the Superintendent be required to pay over the earnings of the Penitentiary to the State Treasurer, to be drawn out only on warrants.

As to abolishing the office of Superintendent and creating three Inspectors we cannot see that the State would be benefitted thereby. We would rather recommend that the office of Superintendent be elective by the people. Indeed the best method of securing the proper management of the prison is, in the opinion of your Committee, a difficult question and one that we refer back to your honorable body for solution. The task imposed upon your Committee has been an onerous one in the extreme and we feel that the time allotted us has been much too short for any kind of detailed examination.

As to the other matters mentioned in the report of the remaining members of your Committee and not referred to herein, we concur in the same, except where mention is made of the Clerk's report as being a fair, just and correct statement of the condition of the books, accounts and financial transactions of the Superintendent. We are unable to vouch for said report being at all fair or correct, as it embraces much matter that on account of the limited time at our disposal we could not examine.

We would except the portion of the report of the other members of your Committee in relation to the Bass contract. Mr. Bass' testimony is not satisfactory. It is true, but we are of opinion that the transaction on the part of Mr. Watkinds was fair and had in view the [illegible] of wood as cheaply to the State as possible. Mr. Bass' testimony in one place [illegible] about 60 cords [illegible] to have kept no account of [illegible] or indeed of any other business transactions in which he was engaged, except a mere pocket memorandum.

Mr. GALLOWAY claimed that the report first read was [illegible] and got up more for political purposes than anything else. He had in his possession [illegible] which had been excluded, and he [illegible] the House should be informed why this was done.

Mr. CHAMBERS said no testimony had been read and the House was not in a position to determine whether or not testimony had been excluded. So far as the testimony in the possession of the gentleman from Yamhill (Galloway) was concerned, he understood it did not refer to matters connected with the management of the Penitentiary.

Mr. GALLOWAY said the committee made charges in their report which were not sustained by the evidence. He blamed the committee for bringing in such a report at the very last of the session and for appointing as their clerk a man who was the avowed enemy of the Superintendent.

Mr. GILBERT moved that the testimony in the possession of the gentleman from Yamhill be placed on file. Carried.

Mr. FIDLER moved to indefinitely postpone the whole subject. This motion was supported by Messrs. Galloway, Bradshaw and Dufur, and opposed by Messrs. Mays and Florence. It was lost by 20 to 32.

On motion of Mr. RIDDLE the report was laid on the table.

On motion 200 copies of the report and the accompanying testimony were ordered printed, but no order was made regarding the testimony furnished by Mr. Galloway.

[illegible] Brown, State Printer, [illegible] the reporters who were [illegible] copying the same and refused to allow them [illegible] reporters [illegible] attendance at the Legislature [illegible] to obtain a full copy [illegible] State Printer a right to the reports until they were [illegible]

[illegible] Mr. RIDDLE moved to reconsider the vote by which the report was ordered printed.

Mr. FIDLER seconded the motion.

Mr. BRADSHAW [illegible] that this motion had been brought about by the [illegible] from the other House and protested against what [illegible] in the exhibition of [illegible] corruption.

Mr. RIDDLE threw back the insinuation. He moved to reconsider because he had been informed [illegible] would cost $[illegible] to print all the [illegible] and [illegible] they were worth that to the State.

Mr. GALLOWAY said that as to the matter of expense [illegible] had been [illegible] by Mr. Watkinds [illegible] the State was not able to meet it he (Mr. Watkinds) would pay it.

Mr. FIDLER moved to lay the motion to reconsider on the table. Lost by 20 to [illegible]

Mr. FIDLER [illegible] on the ground of economy, believing that the newspapers would give all the information on the subject which the people [illegible] Since this discussion arose that the State Printer through some singular exercise of authority [illegible] the use of the documents for even a few minutes that they might copy the same.

Mr. GALLOWAY asked if the House had any control over the documents in so far as they had gone to the possession of the State Printer.

The SPEAKER [illegible] put the motion to reconsider, which was lost by the following vote:

Yeas—Blake, Brown, Butler, Chambers, Cornell, [illegible] Florence, Gilbert, Mc[illegible] [illegible] Clackamas, Reed of Marion, Riddle, [illegible] Scott, Shedd, Simpson, Wassom, Wright of Jackson, Mr. Speaker—[illegible]

Mr. Gearin was present but was excused from voting. Messrs. Bruce, Crawford, Dean and Doak changed from yea to nay before the vote was announced.

THE COAST RAILROAD.

Mr. CHAMBERS from special committee reported back S. B. 113, to provide for the construction of the Willamette Valley and Coast Railroad with an amendment providing that the act shall be void in the event of the non completion of the road in five years.

The report was adopted and the bill passed by a vote of 4[illegible] to 10.

The House concurred in the Senate amendments to H. B. 9[illegible] for the election of a Clerk of the Supreme Court but refused to concur in the [illegible] amendments to H. B. 29, fixing the times and places of holding Circuit Courts.

S. J. R. — For the relief of Jesse Applegate was adopted by a vote of 49 to 13.

S. B. 93—Providing for the sale of tide and overflowed lands on the seashore and [illegible] was passed by a vote of 46 to 8.

House adjourned until 7:30 P. M.

Evening Session.

The House resumed at the appointed hour.

Mr. STEEN offered a resolution for the repeal of the joint rule which provides that no bill which shall have passed one house shall be sent for the concurrence of the other on either of the two last days of the session. Carried by [illegible] to 1[illegible]

Messages were received from the Governor intimating the approval and signature by His Excellency of the following bills:

S. B. 15—for the payment of the claims arising out of the Modoc war.

S. B. 43—for the construction of the Portland, Dalles and Salt Lake Railroad.

H. B. 8—preventing the exhibition of deformed persons.

H. B. 11—concerning signals [illegible] for light-houses.

H. B. 13—to prevent swine from running at large in certain counties.

H. B. 14—amending the miscellaneous laws with regard to tolls on bridges.

H. B. [illegible]—to incorporate Dallas.

H. B. 62—to incorporate Independence and [illegible]

H. B. 99—For the construction of the Oregon Central Pacific Railroad.

THE APPROPRIATION BILL.

On motion of Mr. PLYMALE the House took up S. B. 106 to provide for the ordinary expenses of the State government and other general and specific expenses. The bill was read twice—the second time by title—and on motion of Mr. CRANSTON was made the special order for 10 A. M. to-morrow (Friday.)

THE INSANE AND IDIOTIC.

On motion of Mr. FLORENCE, S. B. 74, authorizing the Governor to contract with Dr. Hawthorne for the keeping of the insane and idiotic for the ensuing four years was taken up for second reading.

Mr. STEEN moved to amend by making the term three instead of four years.

Mr. FIDLER moved to amend [illegible] by making the term five years.

Mr. STEEN said his object was to prevent the term expiring at the time when the Legislature met. If his amendment were adopted, the next Legislature would have ample time to consider as to the future keeping of the insane.

Mr. GALLOWAY said the Legislature had been outraged on this matter. The cry had gone out that they had been bought by Dr. Hawthorne and he called upon them therefore to show to the people that they were free to act in this as in all other questions. Let the contract be for three years, and the next session of the Legislature could provide for removing the insane to a place where they could be kept more economically than they are now. He believed the insane could be kept for three and a half dollars and he held that the physician who could not care for these wards of the State at five and a half dollars was not qualified for the trust.

Mr. FIDLER contended that it would be injudicious to limit the contract for three years and denied that Dr. Hawthorne had found the keeping of the insane anything like the rich speculation which some members seemed to believe.

Mr. BROWN thought there was a tremendous comment in the fact that our insane on an average of 200 cost $30,000 more than those of California.

Mr. BRADSHAW was convinced the next Legislature would make an appropriation for the erection of an insane asylum and if the contract was for three years there would be a year's time in which to construct the building. When the term expired the State would be in a position to provide for the insane.

Mr. CRANSTON said Dr. Hawthorne was willing to take the contract for four years at $5 50, but he might not be willing to take it for three. In that case they could do nothing, matters would remain as at present and the State would have to pay $6 50.

Mr. GEARIN expressed a similar opinion.

Mr. STEEN said it might be well in that case to further amend the bill by authorizing the Governor to let the contract to the lowest responsible bidder.

Mr. DUFUR thought members ought to remember that Dr. Hawthorne had agreed to a considerable reduction and that they were running big risks in offering such amendments at this late period of the session.

Mr. GILBERT followed with a speech in favor of a three years contract.

Mr. FIDLER'S amendment was voted down and Mr. Steen's was lost by 22 to 34.

Mr. GALLOWAY moved to refer to a special committee of three with the object of bringing the proposition of Dr. Kinney before the House. Lost by a vote of 14 to 43.

On motion of Mr. GILBERT the rules were suspended and the bill put on its third reading.

On the question "Shall the bill pass?" Mr. GALLOWAY made a speech protesting against the bill, claiming that under it the Legislature would four [illegible] be bound as securely hand and foot in the matter as he said they were to-day. He considered this opportunity to protest as the supreme moment in his legislative experience.

Mr. RIDDLE hoped the bill would pass. The cost was to be reduced one dollar per patient per week, and there was evidence on that floor to-night that there would be other inmates in the Asylum before long. [Laughter.]

Mr. MATLOCK and Mr. JOHNSON next spoke for the bill and Mr. FLORENCE against. The vote stood:

Yeas—Blake, Chandler, Chambers, Cornell, Crawford, Cranston, Dean, Doak, Dufur, Dully, Fidler, Gearin, Gilbert, Hays, Jackson, Johnson, Kelly of Benton, Kelly of Multnomah, Lane, Laughlin, Ledgerwood, Mays, Matlock, McCugin, McClung, Noyer, Plymale, Reed of Clackamas, Reed of Marion, Riddle, Rose, Scott, Shedd, Shelton, Simpson, Stannard, Stott, Van Alsyne, Wassom, Wilson, Wright of Jackson, Wright of Union and Mr. Speaker—[illegible]

Nays—Bradshaw, Brown, Bruce, Clark, Florence, Galloway, Parslow, [illegible] Stearns, Steen, Stump—11.

Absent—Butler, Jewett, Mathieu.

So the bill passed.

Several motions to adjourn were then voted down.

Mr. REED of Marion moved to suspend the rules and take up S. B. [illegible] relating to assessments. Lost for lack of a constitutional majority.

Another motion to adjourn was voted down.

The intervention of a Senate message gave opportunity for yet another motion to adjourn, which this time prevailed.

At [illegible] the House rose until 8 A. M. to-morrow (Friday.)

THE EPISCOPAL CONVENTION.

NEW YORK, Oct. 16.—The House of Deputies went into secret session on the confirmation of Bishop Seymour, of Illinois. The secret session [illegible] until half past four, and at its close the delegates were as reticent as ever. It was learned, however, that a warm discussion took place over the [illegible] from Chicago and that [illegible] the Bishop elect [illegible] and a protest against [illegible] by the missionary delegates [illegible] that the whole business [illegible] was a [illegible] hearing charges of ritualism against Bishop Seymour. The document, however, from Chicago was not ready to the body, but will in all probability be submitted to-morrow, when it is expected all the testimony against the Bishop elect will be given in. The evidence will then be submitted and witnesses be produced who it is believed will deny that the ritualistic proceedings were introduced into the government of the general Theological Seminary in this city during the term that that institution has been under his charge, as stated. His friends are confident that he can successfully refute all charges which are being brought against him.

NEW YORK, Oct. 16.—The Episcopal Convention went into secret session immediately after the opening services this morning.

A memorial of missionary delegates from Oregon, Washington Territory and Dakotah, protesting against the exclusion from the secret session, was read, and, after discussion, the missionary delegates were admitted.

NEW YORK, Oct. 16.—A message was received from the House of Bishops, expressing gratification at the financial report of the Trustees of the fund for the relief of widows and orphans of deceased clergymen, and recommending the adoption of measures to increase the fund and extend the usefulness of the organization. The message was concurred in.

After recess, another message from the House of Bishops was received, which recommended the adoption of the following as a canon of the church: "It shall be the duty of every minister of the church, with such assistance as he can obtain from persons skilled in music, to give orders concerning the tunes to be sung at any time in his church; and especially it shall be his duty to suppress all light and unseemly music and all indecency and irreverence in the performance, by which vain and ungodly persons profane the service of the sanctuary, and further, that the canon be numbered Order 2[illegible] of [illegible] of the present canon. Resolved, the House of clerical and lay deputies concurring, that this canon be printed in place of the resolution on the same subject heretofore [illegible] relating to psalms in the metre and hymnal." These [illegible] were referred to the Committee on Canons.

Rev. Mr. Blair, D. D., gave notice that on Monday he would submit a motion to revoke Rule 17 with regard to holding [illegible]

It was [illegible] that the [illegible] monies in the case of [illegible] Wells, of Wisconsin, having been signed by the majority of the dioceses, he should be sent to the House of Bishops for confirmation.

The House then adjourned until Monday.

IMMIGRATION.

Inasmuch as the Legislature has determined that no money ought to be paid by the State in sustaining a Board of Immigration in Oregon, it is now proposed by gentlemen who are taking an active interest in these matters to secure through the Legislature, the State's authority, in the organization of the Board, merely by an act authorizing the Governor to appoint the members to the number of five who shall act without salary or other compensation, and also to appoint honorary Commissioners in other States and in foreign countries. The following is a copy of the bill which will be introduced to-day, if a suspension of the rules for that purpose can be had:

An act to provide for the appointment of a Board of Immigration Commissioners in this State, and the appointment of Honorary Commissioners in other States of the United States and in foreign countries.

Be it enacted by the Legislative Assembly of the State of Oregon:

SECTION 1. That the Governor is hereby authorized to appoint a State Board of Immigration to consist of five members to act without salary or other compensation, who shall have power to adopt their own rules and working regulations.

SEC. 2. That the Governor is hereby also authorized to appoint Honorary Commissioners in foreign countries and in the various States of the United States, to invite emigration to this State and to act for the State of Oregon in the circulating of information as to the resources of the State of Oregon, and who shall act without salary or other compensation.

SEC. 3. As this act is deemed of great public importance it shall become a law immediately upon its approval by the Governor.

The bill contemplates no appropriation by the State and hence it would seem cannot be reasonably objected to by any one. Should it meet with favor at the hands of the Legislators, we are informed that several gentlemen who are fully competent and who could and would probably render the State good service in this behalf, can be secured to act in Great Britain. And there are certainly five men in Oregon who would, for the sake of advancing her interests, as could be done by this bill, consent to act. As there is no job in the matter and no expense to be incurred we earnestly hope the members will give the bill that attention which the subject of which it treats deserves.

It has been often [illegible] that Oregon is possessed of great resources and that her chief want is more people; and every effort to induce the emigrants hither of a desirable class of men, should [illegible] with [illegible]. A Board contemplated in this bill would do as much as one whose actual expenses at least were repaid by the State, is hardly to be expected, but backed by the simple authority of the Act of the State Legislature, there can be no doubt but much attention might be drawn to the resources of which we, as a people, are justly so proud, and a tide of home seekers be turned this way from the over-crowded countries of Europe and the British Isles as well as from the densely populated districts of the United States, who would aid building up on this remote shore, one of the most prosperous and wealthy members of the Union.

KEEPING CONVICTS.

It would seem from the voluminous report of the Committee appointed to investigate the affairs of the Penitentiary, that "a world of matter" for investigation is to be found in the manner in which that institution has been conducted during the past two years. We regret that the members of the Legislature have not more time to study the reports of the majority and minority of the Committee, as, doubtless, still further light could be thrown upon the subject than can now be obtained. It is apparent, however, that while the prison has been kept in an orderly manner and the prisoners humanely treated and securely guarded, the expense to the taxpayers of the State has been enormous, and were time given to do so, we firmly believe that the Legislature could find a cheaper method by which these same ends could be obtained. Want of time to peruse the synopsis of the Committee's reports, prevents us from discussing the merits of any of the propositions offered for the purpose of relieving the State of a portion of the enormous expenses attending the care of criminals, but that something should be done, and quickly, is apparent to all, for under existing arrangements, the Oregon criminal is surely a very costly article. While at a high figure his services—and most of them are able-bodied—are worth only $1 75 per week, his board and lodging cost the State $9, leaving the deficit of $7 25, which would support him at a good hotel, and not impose upon him any manual labor whatever. We believe that the convicts in the State were kept in the years 1859 and 1860 for 14 months, and were made to pay all expenses of keeping for that time, minus the sum of $92. This, we are informed, was the case, and if so, political economy has not been studied to good advantage in this country, when the cost of this business has so wonderfully increased. Here is a great leak to be stopped,—in fact, it is a regular bung-hole.

THE GRANGER SHIPMENTS.

The failure of E. E. Morgan's Sons, reported by telegraph, turns out to be too true, and without commenting on its results upon the interests of those who have business relations with them, or, knowing the nature of existing contracts, we can only state that the immediate effect is to raise still greater suspicion in the minds of farmers against those who control our commerce and do our shipping—a suspicion existing, however it may or may not be without foundation. We are led to believe that no loss will be suffered by the Grangers of this State by the fact of the suspension, unless it be in connection with one vessel partially loaded and not yet cleared, and on this the loss will not be important. The agreement between the suspending firm and the Grangers will be carried out in regard to the vessels which have already sailed with cargoes, if our information as to the nature of that agreement be correct.

THE POLICE BILL.

This bill, one of great importance to the people of this city, has now passed both houses and will very probably be approved by the Governor. The main features of the bill are given in our report of legislative proceedings, and although it is not just as we would deem [illegible], it is undoubtedly an improvement upon the present system, which is entirely too expensive. The bill, entire, will be published, should it receive the executive signature.

SOLID WORK.

The Legislature at present in session at Salem is like most similar bodies—it fillibusters, if we may use the expression, a great deal for four or five weeks, and then, as it sees the days of the session drawing to a close, it gets down to solid work in a way that in the earlier part of the session would almost be deemed indecent haste, but now is called commendable despatch.

Mail advices from east of the Rocky mountains do not give an encouraging account of the aspect of affairs among the agricultural classes. Throughout the Mississippi Valley States the unusual dry weather continues to be a great drawback to farmers. In Ohio the farmers are unable to plow for wheat and corn, while feed and water for stock has become so scarce that much is being prematurely marketed. At the South there is an excess of moisture. The river at Savannah, Ga., has not been so high for twenty years. The rice on the intervals is overflown, and the probable damage to the crop is estimated at $100,000. These extremes are both equally damaging, and it is worth while to study their causes more thoroughly than has been done, and see if indeed they are not due to an interference with nature—denuding the land of its wood. The question is now receiving due attention, and a mass of facts has been collected which will afford means for a proper consideration of the subject, and give essential data for a solution.

FROM THE CAPITAL.

SALEM, October 22, 1874.

The entire afternoon session yesterday was consumed in joint convention. At 2 o'clock the Senate entered the hall of the House, and at 2:25 balloting for three Pilot Commissioners commenced. After several long and tedious attempts, Wm. Wadhams, of Portland, and A. Van Dusen and D. K. Warren, of Astoria, were elected: one Republican, one Democrat, and one Independent.

A. F. Wagner, present Doorkeeper of the House, was elected State Librarian on the fourth ballot. He will revel in the princely salary of $300 per annum.

CAPITOL COMMISSIONERS.

A motion to elect the Capitol Commissioners met with considerable opposition, whereat the Marion delegation were much disturbed.

Dolph thought the election would be premature, because the Capitol Appropriation Bill had not yet passed the Senate. After wasting a half hour in useless discussion, the Joint Convention proceeded to ballot for three Commissioners, and Henry Klippel (present Commissioner), R. P. Boise and H. Stapleton were elected: one Democrat, one Independent, and one Republican.

Jas. Hendershott was elected Register of State Lands for La Grande Land District on the first ballot.

STATE GEOLOGIST.

The House did a good thing when it refused to pass the bill abolishing the office of State Geologist. Thomas Condon, present Geologist, is continued in office, the act creating the office containing a clause to the effect that he shall hold until his successor is elected and qualified, with no provision for the election of such successor.

RELIEF OF JESSE APPLEGATE.

The Senate Joint Resolution for the relief of Jesse Applegate, to which allusion was made in my letter of yesterday, passed the Senate yesterday by a vote of: ayes, 19; noes, 6.

CLERK OF THE SUPREME COURT.

The House bill which leaves the appointment of Clerk of the Supreme Court to the Justices of that Court, passed the Senate yesterday with only one dissenting vote.

THE PENITENTIARY.

The game of battledore and shuttlecock over this institution goes on. Yesterday morning the House passed, by an almost unanimous vote, the bill making the office of Superintendent elective by the people.

THE WORK OF THE SESSION.

Up to this morning nineteen bills had come into the Executive office. It is likely that of the remaining two hundred now before the Legislature, thirty or forty will come before the Governor. At the close of the session there is always a rush of business, and a great many bills creep through which would fail if the two Houses could scrutinize them closely.

I give a list of the

THE FEE BILL

Came up in the House this morning. Benton and Yamhill counties were included in the act by amendment, the Senate having provided that in those counties the fees of county officers should be twenty-five per cent. higher than in Multnomah, Marion and several others. It was found also that the bill was without an enacting clause, and the all-important "Be it enacted," etc., was added. The bill passed. It now goes to the Senate for concurrence in the amendments.

THE REGISTRY BILL

Lies on the table in the Senate, along with an immense number of other House bills, awaiting a first reading. If it ever gets to its third reading it will certainly become a law, unless His Excellency should find cause to veto it, which is hardly possible.

PERSONAL.

When the Senate assembled in its Chamber last evening, after the Joint Convention, President Cochran arose and with evident emotion announced that he was compelled, by the receipt of distressing intelligence from his home in Lane county, to inform the Senate that he would be unable to remain until the close of the session. He then read two telegrams from Eugene City. The first announced that his young son had been severely scalded, and the second that his condition was extremely critical.

Senator Cochran made a few remarks in which he alluded to the pleasant relations which existed between himself and the Senators, at the close of which, Senator Watson moved that the hearty thanks of the Senate be extended to the retiring President for the dignified and impartial manner in which he had discharged the duties of his high office. The resolution was adopted, the Senate adjourned, and the Senators gathered about Mr. Cochran to tender their regrets and sympathy.

Later in the evening, Mr. Cochran received the sad news that his son had died from his injuries, and this morning the bereaved father left by train for his home. He takes with him the warm regards and affectionate respect of all who have had any intercourse with him during the closing session, with wishes for his continued health and prosperity.

I think the Senate has never before had for its presiding officer a man who was more sincerely respected for unquestioned honesty and integrity as Robert B. Cochran. He is a good man and true.

HIS SUCCESSOR

Is T. R. Cornelius, of Washington county. He was elected by the absence of Senators Clark and Offield who, had they been present, would have voted for Senator VanCleave of Multnomah. These votes would have given Mr. VanCleave one majority.

MARRIED:

A CARD TO THE PUBLIC.

HAVING BEEN IMPORTUNED by my friends to open a DANCING ACADEMY this winter in this city, and having secured the services of Mr. and Mrs. Jos. Schwendell, said parties having had long experience in California, the Eastern States and Europe as musicians and teachers of dancing, therefore I take pleasure in announcing to all my friends, and the public in general, that I will open a school of instruction in this delightful and healthy art on MONDAY, NOVEMBER 2d, at Keller's Hall, corner Madison and First streets, in the city of Portland. Dancing taught by Joseph Schwendell, systematically, to enable the pupil to attend the most fashionable ball in the world. Lancers and Quadrilles, as danced universally, taught without the assistance of a Prompter. Also, Fancy or Round Dances, and character dances a specialty. Special attention paid to the latest San Francisco style of dancing. A rare opportunity is now offered to the young ladies and gentlemen and children to acquire the art of dancing systematically. Terms moderate.

For admission and particulars apply at Gray's Music Store.

Private lessons given at any time when desired.

All are respectfully invited by

D. K. HALPRUNER.

FRIDAY MORNING OCTOBER 2 874

CITY.

DEATH OF MR STOTT —Mr Frank L Stott departed this life at the residence of his father in Washington county on Friday at 10 o clock A M Some weeks ago he was stricken down with a severe attack of typhoid fever He partially recovered but took a relapse and was finally prostrated by the malignant fever. From the second attack Mr Stott never recovered On Monday his condition was so low as to preclude all hopes of recovery A messenger was dispatched to Salem to apprise his brother Hon R. Stott and brother in law A Ball Esq of the sad state of affairs. These gentlemen made all possible haste leaving at 12 o clock M on Monday and arrived at the bedside of the dying man late at night, just in time to be recognized by him. Soon after their arrival the young man became unconscious and peacefully expired on Tuesday morning Deceased was aged 27 years, 8 months and 25 days He was the second son of Mr Samuel J Stott, an old and highly respected citizen of Washington county. Frank was a graduate of Pacific University having passed through that institution of learning several years since with distinguished honors He is the first graduate of that University who has died After graduating, Mr Stott read law in this city and was admitted to practice in 1871 He went to Eugene City and entered upon the practice of his profession where he remained until something over a year ago Deceased was a young man of more than ordinary promise, and wherever known commanded the esteem and respect of all Had he not thus been cut down in the prime and flower of manhood, he would certainly have taken a prominent position in the legal ranks of the State. On Wednesday the remains were consigned to the earth, with the beautiful and impressive rites of the Masonic Order of which deceased was an esteemed member The body was followed to its last resting place by the largest funeral cortege, ever seen in Washington county Rev Dr Marsh will deliver the funeral discourse at the Congregational church at Forest Grove next week Parents, brothers and sisters, and a large circle of friends mourn unavailingly the loss of one who, so full of youth and promise has passed to the cold oblivion of the grave.

DEATH OF AN AERONAUT —The San Francisco Alta of the 16th, says As expected the awful shock experienced by Joseph Gruet ([illegible]y) in his fall from the balloon Sunday has resulted fatally His condition Monday prompted his removal to the French Hospital, where proper and constant care might be given him and at 4 o clock he was borne thither on a litter a helpless and dying man. He lingered a few hours longer and about 10 o clock gave up his life Gruet was a tumbler by profession but he chose to follow the stage as a pantomimist, coming to California with the Martinetti Troupe here he left the troupe and attached himself to the Buislay family devoting himself to athletic exercises and aerial voyages, the first of which he made in this city ten years ago He made a number of ascents in this city during the following ten years, and his name has been popular among the admirers of such daring yet sensible performances Deceased was a native of France, and aged about thirty five A wife and four young children are left to mourn his fearful death Many persons here are under the impression that the above mentioned individual is the same reckless and daring aeronaut who visited Oregon some years ago with Lee & Ryland s Circus, making numerous ascensions Such however is not the case Mr Buislay, who visited Oregon, was an adopted brother of the deceased and is still living in San Francisco.

AN AGED COUPLE.—' Young people will marry' is an old and truthful adage, and we might add without any impropriety ' Yes and old folks sometimes too On the last trip of the Oriflamme to this port, there was a newly married couple over whose heads the snows of more than fifty winters and the fervid heat of an equal number of summers have passed The bride has reached the ripe age of seventy years, and the groom sixty-eight years The latter came to California [illegible] the discovery of gold in California more than thirty seven years ago After raising a numerous family and burying two wives the old gentleman a few months ago visited the scenes of his early childhood in [illegible] There he met the girl whom he had left behind when he started for the far off Pacific shores. Like himself she too was foot loose, having buried more than one companion. Old associations were revived and the old loves of the ' long ago were resuscitated, and, as all the yellow back novels have it in matrimony There were no tedious [illegible] to observe no difficulty about the consent of parents in this case He said 'Will you?' she answered Yes ' and the two souls with but a single thought were cemented and the happy couple after receiving the congratulations of friends started for the State where they arrived Wednesday in good health.

PASSENGERS.—The steamship Oriflamme sailed last evening at 4 o clock for San Francisco carrying with the following passengers Miss [illegible] Miss E J Roop Miss Jane Murphy Miss [illegible] Showers Miss Katie Showers Geo Hood and wife, H W Hyman and wife, Miss Katie Wilson Judge Gresham and wife Miss [illegible] Wright Mrs Mary Bow Mrs Nellie A F[illegible], R M Carver J C Lamon P [illegible] James Ross N Miller M Barrett M Washy, Jas. Murphy, J M Rhodes, Lewis [illegible], J S Tilton wife and 3 children Capt J W[illegible], E M Plamondon and wife W. N [illegible], C F Lord Chas Burchardt, Henry Wa[illegible], A P Water, Ira Morrell W. H Thompson G Holland and wife G P Nichols, Mrs W L Haley, Wilder s Circus Company, Wells, Fargo & Co s messenger and 50 in the steerage.

FIRE IN EAST PORTLAND —Last evening about 6.30 o clock, an old wooden building standing near the corner of L and Fifth streets East Portland, was discovered to be in flames An alarm was given but it was deemed unnecessary to take any of the engines from this side as the building could not possibly be saved and no others were in danger of catching fire. Within fifteen minutes from the time the fire was discovered, the building was almost consumed. The property belonged to a colored man named Perry A family named Butler was living in the house at the time. So quickly did the fire spread that only a few articles could be saved from destruction The fire is supposed to have originated from a candle The house was worth about $150. Mr Butler s loss will amount to several hundred dollars

BABE BURNED —We learn of a shocking accident which befel a little child of Mr A Kelly who lives out in Powell s Valley about fifteen miles from this city On Wednesday morning the child s clothes caught fire in some manner Before the fire could be extinguished the child was shockingly burned Dr Raffety was summoned and applied all the remedies known to medical science At latest accounts the child was in a very critical condition with but little hopes of its recovery

ST VINCENT S HOSPITAL —Work on this building is moving forward with astonishing rapidity. Already the exterior wood work is completed and the plastering will be commenced next week It is hoped that the building will be in shape for dedication some time in December

IF THE YOUNG GIRL who met an elderly lady on the second bridge from the ferry in East Portland, on or about the 1st or 3d of May last, and gave her a plant called the Dwarf Rose shrub will call on Second street third door from Columbia she will confer a great favor

RACES —The trotting race yesterday afternoon at the Riverside course two mile heats best two in three was won by Olympia Dick in two straight heats time 2 36¼ and 2 3[illegible] It was a warmly contested race and the time being very good gave decided satisfaction to all

EMMET GUARD TARGET EXCURSION

Yesterday was the day selected by the members of the Emmet Guard for holding their annual target excursion In response to a call the members of the Company formed at the armory about 12 o clock and headed by a fife and drum marched away To the soul stirring strains of martial music and with colors gaily streaming the Company paraded through the principal streets of the city The day was bright and pleasant and every person felt in high spirits on the important occasion After parading for a time the Company took up the line of march for the point of embarkation—a short distance below the ferry landing The little sloop *Annie Belin* which had been chartered specially for the occasion was moored at the boneyard and in complete readiness In a few minutes all were on board when the canvas was swung to the breeze and the little craft moved away down the river like the proverbial thing of beauty The point selected was about two miles down the river on the eastern bank On the way down a duck was unfortunate enough to show itself about 150 yards from the sloop Sergeant A J Barlow who can draw a bead as fine as desired, was selected by Capt Wiley to bring the fowl down which he did in the most approved manner Arriving at the ground the Company and invited guests debarked and began to arrange the preliminaries The following gentlemen were chosen Judges Capt J C Phillips of the City Rifles Chas Weeks and Wm Condon After the ground was measured off—150 yards—the target was placed in position and the contest of marksmanship commenced

PERSONAL.

Some time since Mr D W Jones came from Pittsburg to examine the coal deposits of Washington Territory with the view of entering into the business having had a lifetime experience in Pennsylvania We learn that he was engaged as Superintendent of the Seattle mines and returned east immediately to make preparations for moving to the Sound On the last steamer he reached here with a number of Pennsylvania coal miners and brought his own family and will proceed to develop the Seattle mines after the energetic fashion of the State he hails from

We had the pleasure of a call from Mr Origen Lyle of Pittsburg a practical river man who comes to the State to ascertain the practicability of establishing a system of towage by barges on the Willamette and Columbia similar to that on the Ohio and its tributaries Notwithstanding the large number of competing railroad lines here they have never been able to carry the staple products of that region as low as by the barge system and he hopes to be able to inaugurate the same system of cheap transportation on our rivers This morning he goes on the steamer *Ohio* to Salem to examine the river to that point We hope river men will give him all the attention in their power

On Saturday evening the engagement of Mrs Amy Stone will terminate On Monday evening Miss Minnie Pixley will be tendered a complimentary benefit by the members of the Company Some time during the coming week we understand Mrs Phelps and Company propose to tender the City Rifles a complimentary benefit It is the intention to close the theater after Monday, for the present Some time ago Manageress Phelps effected arrangements with those well known versatile artists the Coleman sisters, so that they should appear at Oro Fino Theater immediately after the engagement with the Stones terminated News was received during the Fair week of the death of one of the sisters, at Colfax where they were playing at the time The unexpected and melancholy event partially broke up the Company for the time being the Coleman family leaving for the East a few days since with the remains This, as a matter of course prevented them from carrying out the arrangement with Mrs Phelps at a time when their services were most needed We are pleased to state that Mrs Phelps has within the past few days effected negotiations with J H Leroy the old and popular California artist also with Mr and Mrs Frank Rea, of San Francisco These persons will sail on the 31st of October for Portland Immediately after their arrival here Oro Fino Theater will be re-opened and a number of new and very attractive plays produced in rapid succession Manageress Phelps, for her enterprise in the introduction here of new pieces and artistes of recognized ability deserves the liberal patronage of the public

Moderation in the use of stimulants like the avoidance of all excesses is unquestionably praiseworthy and life prolonging All sensible persons admit this But the vendors of non alcoholic slops desirous of undermining the reputation of Hostetter s Stomach Bitters in order to sell their own worthless trash have thought fit to go to the length of denouncing as baneful in the extreme all invigorants containing spirits Now the very reverse of this is the case the fact being that no vegetable bitter entirely devoid of alcohol are worth a rush that being the one ingredient which prevents the decomposition and souring of the others Probably no one knows better than you Messieurs the Trumpery Tonic Vendors that the perfectly pure liquor used to dissolve the botanic constituents of Hostetter's Stomach Bitters is the very best medium that could have been selected to facilitate and confirm the invigorating protective and remedial action of the great stomachic

I DESIRE TO FURNISH MY TESTIMONY in behalf of Dr Jayne s excellent medicine the Expectorant. I have been troubled with Asthma for over two years and it became so bad last fall and winter that I could not walk over twenty rods without sitting down to rest neither could I perform work of any kind If I chopped wood briskly for five minutes I would fall down for want of breath, so firmly had the disease taken hold of me Finally I was persuaded to try the Expectorant and procuring a bottle from Messrs Hawley & Eachell of this place I commenced using it After taking in all four bottles I am now able to do as much work in a day as any man in my neighborhood and my complaint has entirely left me Therefore I cordially recommend this Expectorant to any one troubled with Asthma.—HORACE SMEDLEY *Fitchburg Mich*

GRAND EXPOSITIONS

OF

NEW GOODS,

At the Store of

BRADLEY, MARSH & CO.,

Extensive Shipments to Arrive

Ex "JOHN L. STEPHENS" AND "AJAX."

THE FOLLOWING LETTER, FROM MR MARSH who is now purchasing in the San Francisco market, will explain itself

GRAND HOTEL, 7th October 1874.

DEAR BRADLEY Arrived safely having had fair average passage Set at once to work. First called on —— Paid them $2,500 on account. Got 3 per cent discount on $1,150 not yet due. Mr —— seemed well pleased said they had heard rather unfavorable accounts of us from Portland merchants going ahead too fast selling goods too low; ruined the trade etc Explained the evident animus of such statements Wanted to call round on the other houses before buying but Mr —— would not let me stir—so started in and bought a splendid lot of stuff at really extraordinary low prices. Cleared out 63 pieces of English waterproof and ladies cloth at 95c—regular price $1 20 These we must sell at $1 per yard and beat the wholesale houses, they cant touch them at that figure There is a temporary decline in cotton goods, so secured 16 cases leading brands muslins and sheetings Selling these as usual at cost will give us a splendid advantage over all the other stores Got a fine lot Bed spreads 20 per cent under regular price In Blankets I made a special hit The house had 12 bales on consignment and being agents for the —— mills did not wish to exhibit them in competition Bought the lot. You may think this rather stiff but when you see the splendid quality of these goods you will at once concede this a magnificent purchase Mark them *low* and make a noise Do not let the country storekeepers gobble all these up as they did the last cheap lot keep them for our regular customers Got two job lines in Dress Goods to sell at 25@37½c per yard—40 per cent less than cost of importing Secured two original cases of the Buffalo brand silk warp Alpacas at agent s rates These range in price from 25c to $1 The time is past with us for buying a piece or two Cleared out several job lines in Flannels Table Linen Napkins Towels etc, *all very low* Also several other goods that can best be purchased at this house Dined and wined with Mr —— Splendid house magnificently furnished Met ——

Tuesday—Called early on —— Paid our account in full Same story as to reports The fact is the —— evidently went for us in very blackness of heart but our name is a tower of strength that the shot of accident nor dart of chance can neither graze nor pierce. The robbed that smiles steals something from the thief and we can well smile at these attempts to jostle a brother bearing his road on the rough road of life The heavy cash remittances we make regularly run them all here. They say the Portland men are generally long winded Our getting the Granger trade is also a surprise to many Purchased a fine lot of Shawls Hosiery Men s Shirts Pants Ladies Merino Vests Woolen Jackets Trimmings and all fancy goods at this house They were most anxious to sell and as they made considerable reductions in prices I bought largely Send you invoices overland Goods go by *John L. Stephens* The shipment from England will arrive by next Panama steamer The Clothing Hats, etc from New York come by rail When all these are opened out our stock will be the finest on the coast. Will back us up to any extent He knows we possess the powers ordained to last. His business has doubled this year This is truly a Golden State with its golden mines golden grain and the golden wealth of living manhood and womanhood pouring in at the rate of three hundred daily from all parts of the civilized and uncivilized world Would that we had railroads to enable us to share this prosperity S I M[illegible]

These custom duties form an extra tax or tribute, drawn from industry here to feed the waste at Washington. During the past year the miners dug out of the soil $2,702,000 of gold, which they sent to the United States Mint to be coined into money and paid out. Of that gold the Federal Government took $7... 638 as a tax upon imported goods consumed here. Rather more than one third of the whole gold product was taken for tax by the Government in addition to the sum of its expenses paid in greenbacks. The whole of that gold in addition to other sums on hand, is lying locked up in the Treasury awaiting transmission East. Under the supposition that the United States were still colonies of Great Britain, and she taxed them in the same proportion that the Pacific coast is taxed there would be $380,000,000 of gold to be sent annually to London, and the country would long since have been utterly bankrupt.

About Wheat Ship ...

One of the San Francisco commercial writers, who doubtless makes pretensions to sharpness beyond his merits, wants to know how it is ascertained that a certain number of bushels of wheat is equivalent to 40 tons. Though he may be no great mathematician he ought to know that one ton contains so many bushels, and 40 is just 40 times as many, or the number of bushels being given divide by the number of bushels in one ton and you have the number of tons. Purely a question of multiplication and division. Again, the same writer garbles a statement we made about the cargo of the Annie W..., and says we ... since no account is taken of interest, ... wharfage ... commissions ... which is not so as we said that these very items ... them should be deducted which would ... so much more loss on the shippers.

As the products of the soil ... trade became ... were made to attract ... vessels were loaded at New York and Liverpool with assorted cargoes but the import demand was insufficient to give the needed supply of vessels. The high freights which intervened led some owners to send their vessels in ballast. During the last harvest season Oregon loaded over fifty ships and barks with Wheat and Flour for Europe. Most of these vessels, however, were drawn from San Francisco in ballast. The ... which attended the loading of these vessels has laid the foundation for an abundant supply of tonnage this season. Since July 1st Portland has not asked San Francisco for a vessel for the foreign trade nor is she likely to present such a demand this season ... will have tonnage to spare for the movement of the California wheat crop. Already one vessel has been sent here that would have loaded wheat there had the cargo been available. We have seen no printed list of the vessels headed for Portland this season but a gentleman ... largely engaged in the shipping trade of that port has taken pains to collate from various sources a tolerably correct list of the vessels already arrived and those now chartered to be on the way to Oregon to load wheat.

London, October 22—Wheat, California average quality [illegible] ℔ quarter of 500 lbs. California average on the passage, just shipped, [illegible]. Local finances remain about as at our last review, there being a still active call for available funds at current rates, which, in case of regular customers, the banks supply with [illegible] promptness, with [illegible] to the large [illegible] capital of the State by calls upon San Francisco. Its movements to grain buyers, though still large in the aggregate, are [illegible] the earlier part of the week. [illegible] business [illegible] wants [illegible] are [illegible] less largely and with more caution, but still no good lots are refused at current rates, and as this is about the first week of the season when all the [illegible] the markets, the number of offers is somewhat increased. We are reliably informed that a large number of well-to-do farmers will hold their [illegible] over until next year, and some of them have already [illegible] tion. We certainly can see no reason why a farmer who [illegible] keep it where he could have the entire [illegible] himself [illegible] it is doubtful if the charges and interest on money which might be derived from immediate sale do not equal the proba[illegible] out as advice, but only as calling attention to matters that [illegible] in the transaction either of selling or holding over till another season, for no one can [illegible] the probabilities which will affect pri[illegible] other [illegible]

General trade in this market has been quite active during the most part of this week, and to-day is not [illegible] with any [illegible] the interior to make up [illegible] and [illegible] are coming in, in moderate vol[illegible] but nearly sufficient to keep [illegible] houses and jobbers fairly employed. Prices in near[illegible] and though no unusually large margins have been realized, [illegible] dealers generally feel in very good spirits over the business so far, as well as hope[illegible] to that which is to come.

The San Francisco Alta complains that California pays more [illegible] the amount of gold [illegible] the people of the [illegible] head. [illegible] on this [illegible] paid out of the internal revenue [illegible] they sent to the [illegible] of that gold the [illegible] goods [illegible] here. Again, the [illegible] state [illegible] of the Annie Weston, and says we "drew the case very mild, [illegible] interest, primage, wharfage, cartage, town dues, commissions, etc." which is not so, as we said that these very items [illegible] should be [illegible] which would entail so much more loss on the shippers.

But the San Francisco Bulletin, for which this sharp [illegible] his pen, gives the following of interest [illegible]

The direct foreign export trade of Oregon presents one of the most interesting features of modern com[illegible] the number of [illegible] produce was sent to San Francisco for reshipment. Nearly all these vessels are in ballast, and hail chiefly from Europe, South America, Brazil and the Chinese [illegible] Many of [illegible] due, and others have just sailed for their destination. The number under charter is not known, but is believed to be large. [illegible] that are under engagement have been chartered at £1 to £3. The Eucharis and [illegible] are to get £4 12s 6d. Some were engaged in the same trade last year, but most of them are new to Portland and San Francisco. They are [illegible] under the British, German and French flags. The list in the main is probably correct, but is not entirely so, for [illegible] of the [illegible] named are chartered for other ports; others were chartered for this point, but have since been ordered elsewhere.

[illegible] Market.

WHEAT—The supply is about as large as can be [illegible] is noticed. Shippers are paying $1 55 ℔ cental for all fair or good lots offering. The several vessels in port are loading quite rapidly.

FLOUR—But little change in figures is necessary [illegible] brands, $4 75 ℔ bbl; outside brands, $4 60; superfine, $3 75@4 with a reduction for cargo lots.

OATS—The receipts of this cereal are quite adequate to the present demand, which is increasing, but prices are not changed since our last report, [illegible] bushel.

BARLEY—Quite a limited amount is yet coming in, and choice lots are in demand at [illegible] cental, including sacks.

FEED—Supply abundant at [illegible] ton for bran, $16 50@18 for shorts, and $18@20 for chops, middlings, etc.

HAY—The demand is dull at $16@18 ℔ ton for baled timothy, and $6@20 for loose ditto. [illegible] not called for.

POTATOES—The market is very abundantly supplied with most all varieties, and prices are low. Choice assorted lots, sacked, command 50 cents ℔ bushel, but rates range from these figures down to 20 cents [illegible]

[illegible] considered No. 1, owing, perhaps, to too much wet weather. Choice [illegible] are low quotable at [illegible] 100 lbs, common, [illegible]

GREEN APPLES—Abundant, and find slow sale at 50@75 cents ℔ box, if assorted and neatly packed, and [illegible]

BACON—The last year's product has about all [illegible] and very little is now coming to hand. Prices are firm at 20@21 cents ℔ lb for [illegible] sides, 13@14c for best sides, and 16@17c for hams. These [illegible] for country cured.

[illegible] lards, both in tins and kegs, at 14@15 cents ℔ lb. [illegible] receipts of the past week have [illegible] quantity, and rather [illegible] improvement in quality. Prices are steady [illegible] but show no change since our last report.

CHEESE—We still quote the product of our State dairies [illegible] 16@17 cents ℔ lb, with a fair supply in the market.

EGGS—A good many lots that have reached this [illegible] as they have been kept back so long that somebody must lose on them because of their con[illegible] We quote [illegible] dozen.

CHICKENS—The supply in the market is still in excess of the demand, and prices range from $2 75 [illegible] dozen, the latter for choice lots only.

[illegible] during the past [illegible] and prices are unchanged.

[illegible] a head; common at $2@2 25.

DRESSED HOGS—Quotable at 6@6½c ℔ lb, with a rather better demand.

[illegible]

HIDES—The market is active at 6@7c ℔ lb for green, and 11@12c for dry; calf, 11@12½c.

WOOL—There is nothing new to note in our local market. Eastern advices to be found elsewhere, denote a prospectively active trade. Rates here are nominally unchanged.
